Using SJAMs to Confirm Revenue versus Commissions Paid

Important: SJAMs is designed to search a commissions database (tblSales.mdb) by part number to query if commission dollars are being paid for specific part numbers. ***** This feature is only available if your commission records are updated in the **tblSales.mdb**

Use **<Shipment History>** to query the <u>tblSales.mdb</u>.(Commission Database) The field to the left (highlighted in Blue) of the **<Shipment History>** will allow for modified searches. In the above example, **<Shipment History>** will search the <u>tblSales.mdb</u> for Part Number 8240IBVS only. This field can be edited to search for partial part numbers such as "8240IBV" or "8240".

Once Revenue is confirmed, update the **<Latest Status>** as appropriate.
